FAQ

[Hp Deskjet 3054 Installation Software Mac](#)

The image shows a screenshot of the 'Add Printer' window in a Mac OS X environment. The window has a title bar with standard Mac OS X window controls (red, yellow, green buttons) and a title 'Add'. Below the title bar is a toolbar with five icons: 'Default' (printer icon), 'Fax' (fax machine icon), 'IP' (globe icon), 'Windows' (printer icon), and 'Advanced' (gear icon). To the right of these icons is a search bar with a magnifying glass icon and the word 'Search'.

The main content area is divided into two sections. The top section contains three fields: 'Type' with a dropdown menu set to 'Windows printer via spoolss', 'Device' with a dropdown menu set to 'Another Device', and 'URL' with a text field containing 'smb://myprintserver/HPLaserJet'. The bottom section contains three fields: 'Name' with a text field containing 'HPLaserJet', 'Location' with an empty text field, and 'Use' with a dropdown menu set to 'Generic PostScript Printer'. Below the 'Use' dropdown is a warning message: 'The selected printer software isn't from the manufacturer and may not let you use all the features of your printer.' At the bottom right of the window is an 'Add' button.

Type: Windows printer via spoolss

Device: Another Device

URL: smb://myprintserver/HPLaserJet

Name: HPLaserJet

Location:

Use: Generic PostScript Printer

The selected printer software isn't from the manufacturer and may not let you use all the features of your printer.
